SALES AGENCY DISSOLVED AND THREE PRINCIPALS FINED.

ff. 4. Court Becision Has Far Reselling Refect in That it Declares Hogal Agree-ments Among Vanofacturers for the Vising of Common Prices of Predgets.

for Pant, May II. The Government in the United States Circuit Court to-day forced at unconditional surrender of the Paper trust in the mit which the Attorney Clemeral started December 27, 1904, to disesive a combination between the General Paper Company and twenty-three others on the ground that an agreement had been entered into by the defendants in restraint

Atterney Frank ff. Kellogg for the Government and Attorney Flanders for the defendants appeared before Judge Sanborn and on Mr Kelloug's motion Judge Sanbern ordered that the mandate from the Pederal Supreme Court affirming the order that the witnesses must tentify be filed.

The witnesses then appeared before the United States examiners and offered to testify and the defendants withdrew their witnesses. Mr. Kellogg announced that the Government did not care to examine the witnesses and Judge Sanborn ordered that the decree he entered for the Government for the relief prayed for and that the decree should be settled on June 16. The proceedings before the court and the examiners were then adjourned.

The three witnesses who refused to testify were C. I. McNair of the Northwestern Paper Company, A. C. Bossard of the Itasea Paper Company and B. F. Nelson of the Hennehin Paper Company

They paid into court \$100 each, the fines assessed against them for contempt of court for refusing to answer the questions put to them at a former hearing.

The complaint alleged that the General Paper Company and twenty-three manufacturing corporations in Wisconsin, Minnesota and Michigan, in violation of the provisions of the Sherman act, entered into a conspiracy with each other to restrain and control trade and commerce among the several States, and that this was accomplished by organizing the General Paper Company of Chicago, with a capital stock of \$100,000 divided into-1,000 shares of \$100 each, which stock was divided among the paper manufacturing corporations in the proportion of their average daily output of paper; that each of the corporations thereupon entered into a contract making the General Paper Company its exclusive

selling agent.

The defendants filed answers and testimony was taken for several months. Most of the facts showing a combination were alicited from the officers of the various defendant companies. Finally the defend-ants refused to give any further testimony or to answer any questions on the ground that the testimony would tend to criminate the witnesses and the corporations, and on the ground that the testimony was revelant

id immaterial.

The case went to the Supreme Court of the United States and was there argued January 2 in connection with the to-

This is a complete victory for the Government. The price of paper at the time suit was brought was from \$2.25 to \$2.35 per hundredweight. The bringing of this suit has already had the effect of reducing the price of paper to about \$1.85. Com-petition will now be restored among the various mills.

James M. Beck of this city, who, with Frank B. Kellogg of St. Paul, represented the Government as special counsel yesterday said:

"The decision is gratifying to the Government's counsel, but was clearly fore-shadowed by the decision of the Supreme Court in passing upon the refusal of the Gei,eral Paper Company to show its books and papers. That decision clearly indiand papers. That decision clearly indi-cates that if the facts were as the counsel for the Government said they were the testimony was relevant and would support

The real significance of this case con The real significance of this case consists not merely in the important decision rendered by the Supreme Court as to the power of the Government to compel a corporation to produce its books and papers, notwithstanding the fifth and fourteenth amendments, but in the fact that it is now held to be within the prohibition of the Sherman Anti-Trust law for a number of commerting corporations to establish a com-

Sherman Anti-Trust law for a number of competing corporations to establish a common sales agency.

"In this case some twenty-eight corporations, which were manufacturing paper, formed a corporation called the General Paper Company, and practically sold all of their product through the General Paper Company to the trade.

"The General Paper Company fixed the prices, made the allotments among the mills and, after deducting a percentage for its expenses, remitted the balance to the constituent companies in proportion to their output.

to their output. While this seemed to the counsel for

"While this seemed to the counsel for the Government to be analogous to the joint traffic pools, which were condemned by the Supreme Court in the trans-Missouri and joint traffic cases, as to transportation companies, it had not been clearly estab-lished whether manufacturing corporations which established a common selling agency and limited their power to compete with each other thus formed a combination in

restraint of trade.

"But, while the Supreme Court in the decision on the power to produce testimony could not pass upon the merits of the question it clearly indicated that it regarded such a form of combination as a violation of the Sherman anti-trust law, and the General Paper. Company has acquired of the Sherman anti-trust law, and the General Paper Company has acquiesed in this conclusion by withdrawing its an-swer and enabling the Government to obtain a full decree against the General Paper Company and the constituent mills."

Harrison Snyder's Firm to Continue. PHILADEIPHIA, May 11.-Creditors of Harrison Snyder & Son, whose claims amount to \$141,500 out of a total indebtedness of \$153,000, have agreed to an arrangement that will allow the firm to continue. The proposition made by George E. Snyder calls for the payment of \$38,250 in cash, and instalments of \$38,250 each at the end of two, three and four years.

Contract for Rallway Construction.

PITTSBURG, May 11.-Contracts were awarded yesterday to the Patton and Gibson Company of Pittsburg for the construction of 100 miles of track for the Missouri, Kansas and Texas Railroad, between Denison, Tex., and South McAlester, I. T.

Live Stock Market.

Eave Stock Market.

Friday. May 11.

Recelpts of beeves were 3.437 head, including 33 cars for export alive, 124 for slaughterers and 20 for the market; making, with the cattle held over yesterday, 22 cars on sale. Trade active and steers strong; bulls were steady to firm; cows 3 to 15c, higher. All the stock was wanted. Fair to good steers sold at \$3.00g\$5.60 per 100 lbs.; fat oxen and stags at \$3.00; bulls at \$3.25 g.\$4.50; cows at \$2.25 g.\$4.25. Dressed beef in fair demand at last quotations. Liverpool and London cables quoted live cattle sig at 10 g. 11 sig. per 1b. dressed weight; sheep low er at 13 g. 11 sig. per 1b. dressed weight; refrigerator beef ower at 18 g. 11 sig. per 1b. Exports to day, none; to-morrow, 1.145 beeves and 7.224 quarters of beef.

Recelpts of caives were 773 head, all of which were for sale. Demand was brisk and prices firm to 25c. higher. Everything was cleaned up early, common to cholee eveals sold at \$3.00g\$7 for fair to good. Dressed calves steady. City dressed veals sold at \$3.10 g. per 1b.; country dressed at 7.25c.

Recelpts of sleep and lambs were 2.07b head, in cluding 5 cars for slaughterers and 3 for the market; making, with the stale stock, 7 cars on sale. Sheep were almost nominal; lambs at mand desirable grades 10 g. 15c. higher; spring lambs quiet, but feeling steady. The pens were not quiet cleared. Good clipped sheep sold at \$3.00 per 100 lbs.; medium to good clipped lambs at \$3.25 cach. Dressed mution steady at \$8.250 g. e. per lb.; dressed habs him at \$3.00 ger 100 lbs.; medium to good clipped lambs at \$3.57 cach. Dressed mution steady at \$8.250 ger per lb; dressed lambs him at \$4.50 g.\$5.75.00 per 100 lbs.; country dressed hogs steady. The sale of the market per second at \$4.00 ger 100 lbs.; medium to good clipped lambs at \$5.25 cach. Dressed mution steady, cach good slaughterers, except a few head. Market no more than steady. Good State hogs sold at \$6.00 g. 700 per 100 lbs.

STOCKS STILL GOING UP. Yesterday the Seventile Successive Day of Price Gaine.

The stock market yesterday showed an advance in prices for the seventh day in succession. A period of this duration without reaction for a single day is not unprecedented, some traders recalling a continuous buil market for slaves successive days, but it is unusual and is the more noteworthy on account of the magnifude of the gains

Very many of the most gettye issues have recovered nearly all the loss in marks value austained since the earthquake. the railroad shares many are within 8 or t points of the quotation before the dissator and many others have recovered over twothirds of the loss. COPPER MARKET STRONG. Walker's Letter Reports Favorable Trade Conditions.

Walker's Copper Letter to the Boston Commercial to-day says that copper continues remarkably strong, with domestic and foreign prices showing unmistakable tendency to harden. The strong control exerted by large producing interests is undoubtedly preventing a too rapid advance to the higher level of prices which existing conditions seem to warrant.

Inquiry among the producers and selling agents reveals the fact that very little copper can be obtained before July. The market is apparently free from speculation. Producers report that conditions are such that they have difficulty in supplying the requirements of regular customers and they are taking every precaution to sell only to actual consumers.

In accord with copper, the consumption of iron, steel and metals generally in this country is breaking all records, while the production in all of these lines is barely able to keep pace with the great demand. Tin, anti-mony, lead and spelter are all selling at record prices. The advance in antimony is even more marked than in copper. A year ago t was selling around 8% cents per pound; it is now selling in the neighborhood of 25 cents per pound, and higher prices are pre-dicted. Brass manufacturers, wire drawers and manufacturers of electrical apparatus

all report phenomenal business.

The annual report of the General Electric Company for the fiscal year endedJanuary 31 furnishes sufficient evidence of the enormous current consumption of copper and the unprecedented demand for electrical goods. While the business of the company for the year 1905 surpassed all previous records indications are that the business of the present year will be still arger.

With the wonderful strength of position

reflected in both the foreign and domestic markets and with the producing interests sold up for several months ahead the outlook for the metal is exceedingly bright.

TRADE CONDITIONS.

'Dun's" and "Bradstreet's" Report the Outlook as Favorable.

Bradstreet's for the week says that while poler weather has deferred sales of lightweight fabrics and adversely affected fruits, events of the week have improved the easie conditions. Growing grain is in fine shape; fall orders continue to expand, the labor situation is certainly more favorable, manufacturing is active, new construction work is of marked proportions, demand for materials is heavy, the insurance situation is easier, and so are money rates, while collections tend to improve.

Dun's notes a great improvement in industrial conditions on account of the anthracite coal settlement and the resumption of traffic on the Great Lakes. The international situation is much brighter now that the French elections have passed. Foreign conditions are of unusual importance to business interests here, owing to the present close relation of the money markets. Manufacturing plants operate close to their full capacity and wholesale trade in fall and winter goods is on a large scale, but unseasonable weather causes complaint regarding retail distribution of merchandise and retards work on the farms. The element of uncertainty as to the crops tends to maintain quotations of staples at a high mark. Mercantile collections are still somewhat irregular, but show a slight improvement on the whole. traffic on the Great Lakes. The interna-

SHIPBUILDING IN 1905.

2.245 Vessels Built, With a Gross Tonnage of 645,330 Tons-Value, 858,452,629.

WASHINGTON, May 11.—The Director of the Census announces the result of the tabulation of statistics of shipbuilding, exclusive of Government establishments for the calendar year 1905. The figures indicate that there has been a fair increase in the shipbuilding industry as compared with the statistics of 1900.

The capital invested in the industry The capital invested in the industry has increased from \$77,362,000 to \$121,625,000. The number of wage earners employed has increased from 46,781 to 50,754. The total value of the products of the ship-building industry in 1905, including rigging, calking, repair work and value of the year's work on incomplete vessels on the

year's work on incomplete vessels on the stocks, aggregated \$82,769,239, as compared with \$74,578,158 in 1900.

During the year 1905 2,245 vessels of five tons and over were launched. Their gross tonnage is fixed at 645,330 and their value at \$58,452,629. The value of the vessels of the same class launched in 1900 was \$35,735,914 and the number was 2,087, with a gross tonnage of 687,681. Small boats under five tons to the number of 28.81 were launched in 1905, as compared 26,881 were launched in 1905, as compared with 15,448 valued at \$1,972,825 in 1900.

Fire Insurance Companies Merged.

PITTSBURG, May 11.-The stockholders of the Armenia Insurance Company to-day unanimously ratified the merger agreement for the consolidation of that company with the Conestoga Fire Insurance Company of Lancaster, which agreement had heretofore been approved by the Conestoga stockholders and the directors of both companies. The name of the new company will be the Guardian Fire Insurance Company of Pennsylvania, and its capital \$200,000.

Severance Company's Plant Burned. PITTSBURG, May 11.—The Severance Manufacturing Company plant at Glassport burned last evening, causing a loss of \$60,000. The fire was caused by a spark from a locomotive. The Severance company manufactures nuts, spikes and rivets.

TO BALK SILVERSMITH MERGER. Stockholder Asks an Injunction Against the Gorham Manufacturing Co.

PROVIDENCE, May 11.-George H. Robinson, representing the minority stockholders of the Gorham Manufacturing Company, filed in the United States Circuit Court today a petition for an injunction against Edward Holbrook and other officials of the

Gorham Company.*

Mr. Robinson, who was formerly vice-president of the company, seeks to enjoin the present officers from transferring any stock of the Gorham company to the Silstock of the Gornam company to the Sirversmiths company, as was arranged at the recent special meeting of the stock-holders of the Gornam company.

It is alleged in the bill of complaint that the Gornam Manufacturing Company and the other defendants intend to become stockholders of the Silversmiths company. stockholders of the Silversmiths company of New York and so to manage its affairs as to enable said company and said defendants to obtain great profit at the expense of the Gorham company. The bill further avers that Edward Holbrook is the prime mover in the said scheme and had enlisted the others for its consumpation.

Business Troubles.

A petition in bankruptcy was filed yesterday against Sigmund Fuchs and Alador Feldman. ndividually and as copartners in the New individually and as copartners in the New York Construction and Alteration Company, 20s East Eighty-first street. George F. Darrell was appointed receiver and his bond was fixed at \$3,000. The receiver will complete the contracts on the various jobs in which the firm was engaged. Lesser Bros. attorneys for the petitioning creditors, said that a disagreement had arisen between the partners and that several mechanics liens had been filed against them. The liabilities are estimated to be about \$25,000, with assets of \$6,000.

are estimated to be about \$25,00, 800.

A petition in bankruptcy was filed here yesterday by James E. Dodge of Mount Vernon, N. Y., employed in a Sixth avenne department store, formerly manager of the Dodge Dry Goods Company of Troy, N. Y., showing liabilities of \$193,226 and no assets. In the nominal assets 301 shares of the common stock of the Dodge Dry Goods Company are entered as having no value. The company failed three years ago.

SUPHEME COURT, APPELLATE DI

SUPREME COURT, APPELLATE DIVISION.

FIRST DEPARTMENT.

In the matter of the application of the Board of Rapid Transit Railroad Commissioners for the City of New York for the appointment of three Commissioners to determine and report whether a rapid transit railway or railways for the conveyance and transportation of persons and property, as determined by the Board, ought to be constructed and operated.

WHITE PLAINS BOAD BOUTE WHITE PLAINS ROAD ROUTE.

heard, for the appointment of three commissioners in the above entitled matter to determine and report after due hearing whether a railway or railways in said city for the transportation of persons and property, ought to be constructed and operated. The papers upon which the aforesaid application will be made are the petition of the said Board dated the 16th day of April, 1906, and the affidavits and papers accompanying the same, all of which were filed in the office of the Clerk of said Appellate Division on or about the 20th day of April, 1906, and in addition thereto such other papers as shall be presented to the Court by the said Board.

A description of the route and general pian of construction of the said railway or railways forms part of the Appellate Division. The following is a brief and substantial synopsis of the said route in the County of New York: This route is practically an extension of the present rapid transit elevated viaduct. It is to begin at 177th Street and West Farms Road near the Bronx Park, and thence a three track elevated structure is planned to rua along West Farms Road, Morris Park, Avenue and White Plains Road to its intersection with East 241st Street.

The object of the aforesaid application is to ob-White Plains Road to its intersection with East
241st Street.

The object of the aforesaid application is to obtain the appointment of commissioners who shall
determine after public hearing of all parties interested, whether such rallway or railways ought
to be constructed and operated, and shall report
the evidence taken to said Appellate Division, together with a report of their determination, which
report, if in favor of the construction and operation of such railway or railways (as this Board
will ask that it shall be shall, when confirmed by
said Court be taken in lieu of the consent of the
property owners along the line of said railway
or railways.

Dated New York, April 25, 1005.
BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK,
By ALEXANDER E, ORR, President.

BION L, BURROWS, Secretary.

at 9 A. M.
